

Applying for Unemployment Benefits during Temporary Layoffs

If you are unemployed as a result of a temporary layoff – in other words, if your employer is experiencing reduced business activity but plans to call you back to work again within 45 days – you could be eligible for unemployment benefits.

If you are approved to receive benefits, you will NOT be required to conduct work-search activities if you provide the correct mass-layoff number that your employer gave you. **Each time you are laid off, you will receive a NEW mass-layoff number. Be sure to enter the correct number for each week you claim.**

WHEN TO APPLY

Apply for unemployment benefits as soon as you become unemployed. Your claim will become effective the Sunday of the calendar week in which you apply. Your first payment will begin processing after you (1) receive your eligibility determination AND (2) file your first weekly claim.

Applying online is the quickest way to start receiving unemployment benefits. To apply online, go to unemployment.ohio.gov and follow the steps listed below. If you don't have access to a computer, you can apply by calling 1-877-644-6562. Call center hours are 8 a.m. to 5 p.m. Monday through Friday.

DO NOT FILE AN APPLICATION AND A WEEKLY CLAIM IN THE SAME WEEK!

Filing a weekly claim is different than filing a new or additional application. If you have alternating weeks of work and no work, **during the first week of each layoff, you should file either a new or an additional application**, depending on when you last received benefits. (The system will present you with the correct option.) After that, you can again file weekly claims. If you attempt to file both an application and a weekly claim in the same week, you will experience a break in your claim. If your payment shows as “break in claim,” you will need to call 1-877-644-6562 for staff assistance.

INFORMATION YOU WILL NEED

Before you apply for benefits, gather the following information:

- **The mass-layoff number for the specific week you are applying for. You can get this from your employer.**
- Your Social Security number and driver’s license (or state ID) number.
- The Social Security numbers and dates of birth of any dependents, including children and your spouse.
- The name, address, telephone number, and dates of employment for your most recent employer and any other employers from the last 6 weeks.
- Bank routing and account number or debit card number for payment.
- Alien Registration Number and expiration date of your work authorization.
- If you had out-of-state employment, have worked for the federal government, or are separated from military service, more information is required, including:
 - Form DD-214, member 4 copy (for military service)
 - SF-8 or SF-50 form (for federal government employment)

Additional Items Needed to Verify Your Identity

In addition, you will need to provide documents to verify your identity. Here are some examples:

- Photo Identification – Acceptable forms of photo ID include a copy of your passport, driver’s license, state identification card, military identification, permanent resident card, or student identification card.
- Full Legal Name – Acceptable documents to prove your full legal name include a copy of your valid driver’s license, military identification, birth certificate, certificate of naturalization, certificate of citizenship, U.S. passport, foreign passport with visa, or other official document. - Date of Birth – Acceptable documents to prove your date of birth include a copy of your valid driver’s license, military identification, birth certificate, certificate of naturalization, certificate of citizenship, U.S. passport, foreign passport with visa, or other official document.

- Street Address – Acceptable documents to prove your street address include a bank statement, pay stub, W-2 (Wage and Tax Statement) from the last complete tax year, or 1099 form. If you listed a post office box as your mailing address, you must submit proof of ownership, such as a copy of PS Form 1093.

14. You will be asked eligibility questions that you will need to complete. Use the help features and videos to answer any questions you may have about filling out the information. Additionally, if you choose to claim a dependent, you will be taken to a page where you can do that. Click “Next.”

Below is an example of what this screen looks like:

The screenshot shows the Ohio Department of Job and Family Services website. The header includes the Ohio logo and the text "Department of Job and Family Services" and "Ohio.gov". The main heading is "Enter Mass Layoff/Buyout ID Number". Below the heading, there is a user profile section with "claimant" and "Log out" links. The form contains two questions: "At the time of your layoff, did your employer provide you with a Mass Layoff/Buyout Identification Number?" with radio buttons for "Yes" and "No" (where "No" is selected), and "If yes, please provide the ID number" with a text input field containing "0". A second question asks "Have you worked for any other employers in the last 6 weeks besides the one who provided you with this ID number?" with radio buttons for "Yes" and "No". There are links for "Help Text" and "Help Video" on the right. A "Next" button is at the bottom left.

17. The next page registers you for job matching. You will be asked to choose two occupations in which you'd like to work. Click "Occupation Lookup" to search for your desired occupation by title or description. Once you find your first preference, click the circle to the left of the occupation and click "Occupation1" at the bottom of the page. Search for your second preference. Once you find it, click the circle to the left of the occupation and click "Occupation2" at the bottom of the page. Finally, click "OK" at the bottom of the page. Complete the remaining fields on the page and click "Next."

NOTE: The system requires you to choose two occupations, even though you may not be required to conduct work-search activities.

18. The next page explains two "Getting Paid" options. You have the choice of either a debit card or direct deposit to a bank account. No matter what your choice is, click "Next."

19. Enter the information needed for you to be paid either through the debit card or bank account options and click "Next."

20. The last page will ask you to certify that all the information you entered is accurate. If it is, click "Agree" to submit.

WHAT NEXT?

- After filing, you will receive further information by mail or email. An email will be sent from OJI@odjfs.state.oh.us.
- Your claim will be assigned to a processing center, based on the last four digits of your Social Security number. [Click here for a list of processing centers by Social Security number.](#)

- While you're waiting for your eligibility determination, be sure to file your first weekly claim to expedite payment. **In order to be paid, you must file weekly claims** for each week that you are unemployed or make less than your weekly benefit amount.
- Log in to your account at unemployment.ohio.gov to file weekly claims.
- **If you receive a message that you are unable to file a weekly claim until Sunday, that is because you cannot claim a week of benefits until the week has ended on Saturday at midnight.**
