

PRC and PRC Plus Application

The Prevention, Retention and Contingency program (PRC) is designed to provide short- term assistance for families struggling with a specific crisis situation or emergent needs. One Time or Short-Term assistance is limited to a maximum of \$1,500 per application and issued only when assistance (alone or combined with other funding sources) can resolve the crisis. Multiple categories of assistance may be requested and approved in a single application.

PRC approval is limited to one application per twelve-month period. PRC benefits do not reimburse already paid expenses. If other- wise eligible, applicants can receive Disaster-Related PRC benefits even if they have received One Time or Short- Term assistance in the previous twelve months.

The PRC Plus program is for rental assistance ONLY and is available for eligible families with incomes between 166% and 300% of the federal poverty level (FPL). The program is in effect from June 1, 2020 to December 15, 2021. Due to funding restrictions any application that is incomplete as of the program end date cannot be processed and will not be paid. A complete application must include all required verifications.
